Developing Leaders

Amanda Maney, Deep Learning TSA

Do you see potential for leadership in your NQTs and RQTs but struggle to give them the time or support they need, with all the other demands on your time?

Our NQT/RQT development network, led by an accredited coach and Specialist Leader in Education has been established to enable our developing teachers to discuss issues, co-coach to develop solutions and experience learning walks focused on developing understanding of mastery.

Deep Learning TSA is hosting six sessions across the year to support our newest members and enable them to support each other, empowering them to enable children's learning and become increasingly effective in their various roles.

The six sessions, all **Thursday twilights from 4:00pm to 5:30pm, cost a total of £150 per NQT/RQT.**

The dates are: 30/11, 1/2, 15/3, 10/5, 28/6.

They will be hosted by:

Our Lady of Pity School,

Rigby Drive, Greasby CH491RE

Contact deeplearningtsa@gmail.com to book.
